About Us

GEO Prime Security & Surveillance is a UAE-based company specializing in **security and IT solutions**.

We provide **ADMCC-compliant CCTV systems, access control, alarms, video intercoms, networking, and maintenance services** that safeguard homes, businesses, and organizations.

Our projects are executed by **ADMCC-certified technicians**, ensuring that every installation meets the strict standards of the **Abu Dhabi Monitoring & Control Centre (ADMCC)**.

From consultation to installation and after-sales service, we guarantee **reliable, affordable, and authority-approved solutions**.

Our Vision

To be a trusted and reliable security solutions provider in the UAE, delivering ADMCC compliant systems that protect people, property, and businesses.

Our Mission

- ✓ To design and install authority-approved security solutions.
- ✓ To provide cost-effective, easy-to-use systems backed by certified expertise.
- ✓ To deliver long-term peace of mind with ongoing maintenance and support.

Our Values

Trust

Building strong client relationships with honesty and reliability.

Compliance

Ensuring every system meets ADMCC and UAE requirements.

Commitment

Dedicated to service before, during and after installation.

Reliability

Delivering solutions that work seamlessly 24/7.

01

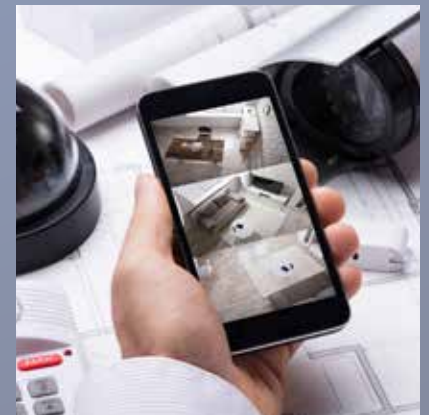

CCTV Installation & Maintenance (ADMCC Compliant)

We provide CCTV surveillance systems that comply with ADMCC regulations, ensuring smooth approval and authority acceptance in Abu Dhabi. All systems are installed by ADMCC-certified technicians for guaranteed compliance and performance.

- ✓ **High-Definition Cameras**
Indoor and outdoor with clear coverage.
- ✓ **Remote Monitoring**
Access live video from your phone or computer.
- ✓ **Recording & Storage**
DVR/NVR systems with secure backups.
- ✓ **Smart Features**
Motion detection, night vision, and instant alerts.
- ✓ **Authority Compliance**
Fully aligned with ADMCC regulations.
- ✓ **Maintenance Contracts**
Preventive service and quick repairs.

Why it matters:

ADMCC compliance is mandatory for most businesses in Abu Dhabi. Our certified technicians ensure your CCTV is approved, legal, and reliable.

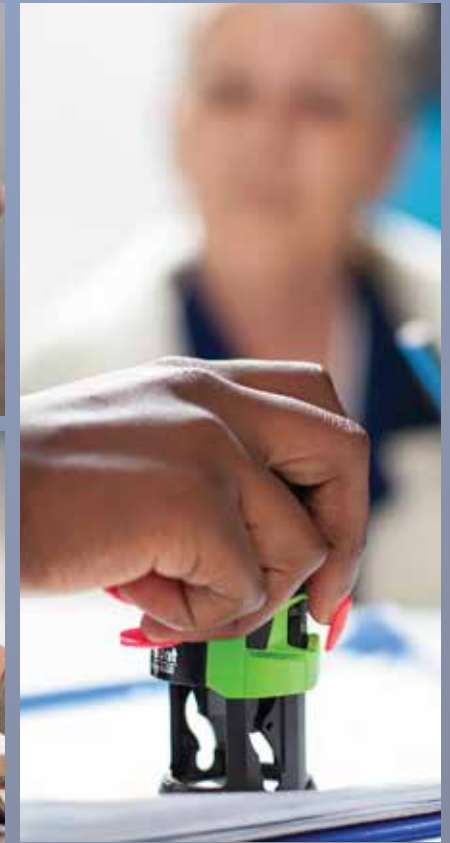

Many businesses in Abu Dhabi require an ADMCC CCTV Compliance Certificate when renewing their trade license or applying for new approvals. GEO Prime Security & Surveillance helps clients prepare, apply, & obtain this certification smoothly.

- ✓ **Site Assessment**
Inspect existing CCTV systems for compliance.
- ✓ **System Upgrade (if required)**
Bring non-compliant systems up to ADMCC standards.
- ✓ **Documentation Support**
Assist with required paperwork and submission.
- ✓ **Authority Coordination**
Liaise with ADMCC to fast-track certification.
- ✓ **Compliance Guarantee**
Ensure your CCTV system is officially approved.

Why it matters:

Without the ADMCC compliance certificate, businesses in Abu Dhabi can face delays or rejection during license renewal. We make the process fast, smooth, and hassle-free.

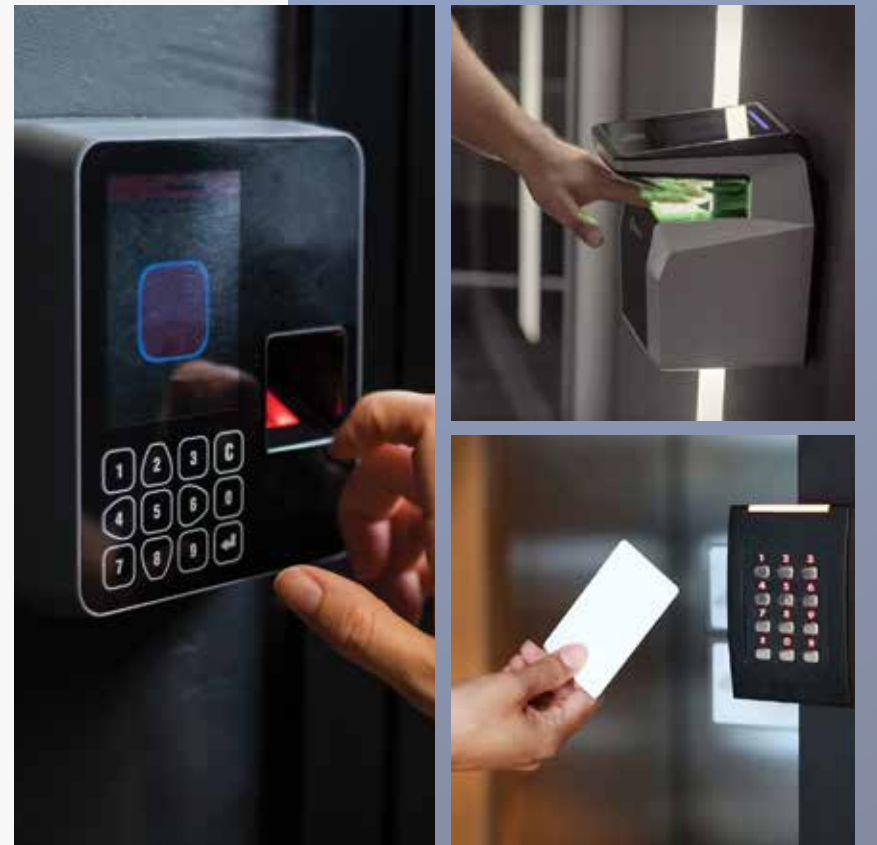

We design and install **entry management solutions** for businesses, shops, and residential projects.

- ✓ **RFID Cards & Key Fobs**
Simple and secure access.
- ✓ **Biometric Systems**
Fingerprint or facial recognition.
- ✓ **Time & Attendance Integration**
Track staff movements.
- ✓ **Custom Permissions**
Control access to sensitive areas.

Why it matters:

Prevents unauthorized entry and improves employee monitoring.

04

Intruder Alarm Systems

Our alarm systems **instantly detect and alert you** of unauthorized access.

- ✓ **Motion Detectors**
Spot unusual activity.
- ✓ **Door & Window Sensors**
Trigger alarms on forced entry.
- ✓ **Audible & Silent Alarms**
Loud sirens or discreet alerts.
- ✓ **Instant Notifications**
Receive warnings via SMS or app.

Why it matters:

Protects your premises and ensures quick response during emergencies.

05

Video Intercom Systems

Secure communication before granting access.

- ✓ **Home/Villa Systems**
Indoor screens linked to outdoor units
- ✓ **Apartment Intercoms**
Multi-unit systems for buildings.
- ✓ **Office Intercoms**
Visitor verification at entry.
- ✓ **Mobile Connectivity**
Unlock doors from your smartphone.

Why it matters:

Ensures you see and verify visitors before entry.

We provide the **IT backbone** that supports your security systems.

- ✓ **Internet & Wi-Fi Setup**
Reliable office and home connectivity.
- ✓ **Structured Cabling**
Organized cabling for CCTV and IT networks.
- ✓ **Storage Solutions**
Secure data storage for recordings.
- ✓ **System Integration**
Connect CCTV, alarms, and access systems.
- ✓ **Technical Support**
Fast troubleshooting and assistance.

Why it matters:

Strong IT ensures your security systems work without interruptions.

We offer **long-term service and support** for all installed systems.

- ✓ **Preventive Maintenance**
Routine checks for smooth operation.
- ✓ **On-Demand Repairs**
Quick response to breakdowns.
- ✓ **Upgrades & Replacements**
Keep systems up to date.
- ✓ **Annual Maintenance Contracts**
Priority support all year round.

Why it matters:

Regular service means your systems are always operational.
